

Precision Teaching and Dyslexia

Paradigm is pleased to be able to offer this course for teaching assistants.

This is an interactive workshop lead by Dr Chantelle Makin focusing on interventions. It will cover the general concept of Precision Teaching and include exercises enabling participants to experience a variety of approaches. A key focus will be how precision learning can benefit children with specific learning difficulties, such as dyslexia.

It would be useful for anyone who leads interventions or works on a one-to-one basis or with small groups of children.

Details:

Day: Friday 15th February

Time: 9am – 12.30pm

Location: **St Francis' Catholic Primary School**
Whyteleafe Road,
Caterham,
CR3 5ED

There is limited parking within the staff car park, although the teachers will be at St Joseph's so there will be some spaces. Please bear in mind that the school next to us (Audley) does not have an inset that day, so there will still be parents dropping off before 9am.

The training will be in the back of the hall.

Trainer: **Dr. Chantelle Makin** BSc, PGCE, DEdPsy, CPsychol

Chartered Educational Psychologist and Director of Psychology First

Cost: £20 per participant

Tea and coffee will be provided.

Please book a space by emailing St Francis direct on info@stfrancis.surrey.sch.uk

Kind regards,

Paradigm Admin Team
