“The leadership of the school is driving improvements strongly, confidently and successfully, including in teaching. This is a rapidly improving school. Governors are well informed and offer good challenge and support to senior staff.” HMI Report March 2015

Annecy Catholic Primary School, a one-form entry Voluntary Aided School with 210 children currently on roll from Reception to Year 6, is situated on the South coast between Eastbourne and Brighton. Following a very positive Ofsted progress meeting, our school is now seeking a Headteacher who will lead and inspire us in our commitment to build upon our strong trajectory of development and our intention to become an outstanding school.

We are particularly seeking a Headteacher who:

- will continue to provide dynamic leadership and inspiration to the whole school community, promoting and sustaining the highest quality learning environment;
- has a proven track record of skills in both operational and strategic management and planning;
- is able to monitor closely the children’s progress and to manage, analyse and present data to the governors, staff and parents;
- will empower staff to deliver Quality First Teaching, supporting them through training and planned Continuous Professional Development;
- has an understanding of the importance of the spirituality and ethos of a Catholic school and its links to the local parish;
- models a pupil-centred approach to every aspect of school life.

We are now engaged in a process of steady, consistent improvement and are particularly able to offer our new Headteacher:

- A committed teaching staff dedicated to Quality First Teaching and the highest standards of education and learning in the school.
- Children who are respectful, happy, and take pride in behaving well, motivated to learn and keen to share in every aspect of life at school.
- Governors who are well informed and foster a united leadership within the school, and who will provide challenge and encouragement to the Headteacher.

- Parents who are fully supportive and committed to the school and their children's education, and who are willing to work in partnership with the school to engage in all it has to offer them and their children
- A modern school environment and a beautiful part of East Sussex in which to live and work.
